WHY PURSUE A DEGREE IN THE TRADES?

In partnership with The Patterson Family Foundation, we are pleased to announce the addition of skilled trade scholarships to our programs at The Ellis Foundation. Applications are welcome from individuals pursuing a certification or degree in a non-medical trade.

NON-TRADITIONAL STUDENTS, AS WELL AS HIGH SCHOOL SENIORS WELCOME TO APPLY!

HVAC - Plumbing - Electrical - Construction - Welding and Fabrication - Automotive and Diesel Mechanics - Aerospace Mechanics - Commercial Driver's License Training
AutoCAD - Drafting - Manufacturing Technologies - Machining - Masonry - Robotics - Drones - Lineman - Railroad Training - Carpentry - Major Appliance Technology
& Others approved on a case-by-case basis

- Must pursue a non-medical trade with priority given to those attending a participating college with The Ellis Foundation
- *Additional requirements and conditions, including **qualifying counties**, can be found at link above
- For access to the application, contact Bridget Fitzwater at bridget@theellisfoundation.org
